1 QUICK SETUP

This guide describes the quick installation procedure of Novalnet payment app with your shop system and to start accepting payments worldwide. For this integration, a Novalnet merchant account is needed to accept Novalnet payments, so please make sure that you have received your merchant account details from our sales team. If not, drop a mail to sales@novalnet.de

This Novalnet payment app version (2.3.1) supports the following versions of Shopware 6:

To get started:

- 1. Log in to the Novalnet Admin Portal with your merchant account details (user credentials).
- 2. Log in to your Shopware 6 shop system.
- 3. Make sure that you have extracted the payment app package from the zip file you have received. If you have received only the installation guide without the payment app package (zip file), please send us a mail to technic@novalnet.de with your merchant ID.

1.1 App Installation

To install the Novalnet payment app, please go to your shop admin panel and follow the bellow steps,

Step 1: Navigate to **Extensions \rightarrow My extensions** in your shop admin panel as shown below.

Figure 1

Step 2: Click **Upload extension** and choose the **NovalnetPaymentApp.zip** file that is included in the Novalnet Shopware app package.

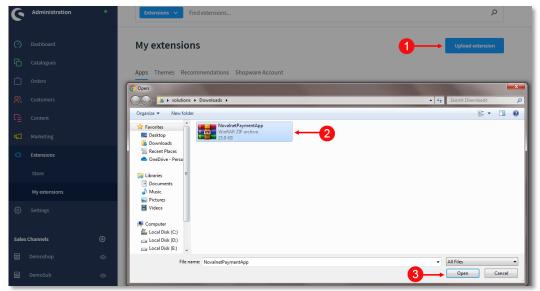

Figure 2

Step 3: Once uploaded, the **Novalnet Payment App** will be shown under **Extensions** → **My extensions** menu as shown below.

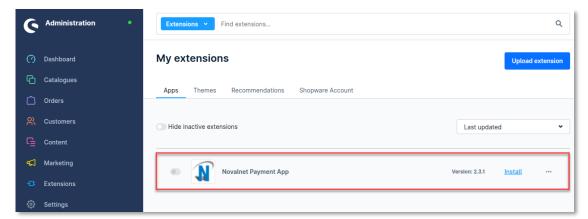

Figure 3

Step 4: Now click **Install** to install the **Novalnet Payment App**.

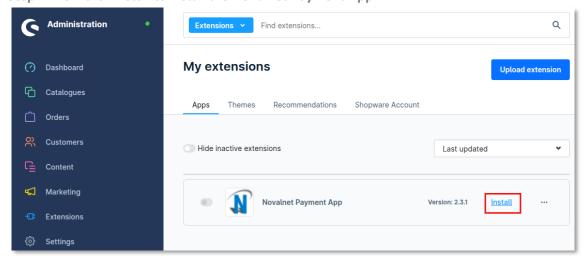

Figure 4

Tel.: +49 89 9230683-19

Fax: +49 89 9230683-11

E-Mail: technic@novalnet.de
Tax id: DE254954139

1.2 API Configuration in the Shopware shop system

The main configuration occurs in your Shopware 6 shop system as well as in the Novalnet Admin Portal.

In your Shopware 6 shop admin panel navigate to Extensions \rightarrow My extensions \rightarrow Novalnet Payment App \rightarrow Configure as shown below.

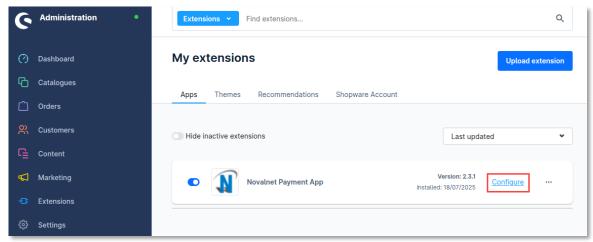

Figure 5

Next step, you will be forwarded to the Novalnet API Configuration page as shown below to enter the following keys:

- **①** Product activation key a unique token for merchant authentication and payment processing.
- **(i)** Payment access key a secret key assigned to each merchant which encrypts the data to avoid user manipulation and fraud.
- **1** Tariff ID a unique identifier created based on the tariff type at Novalnet.

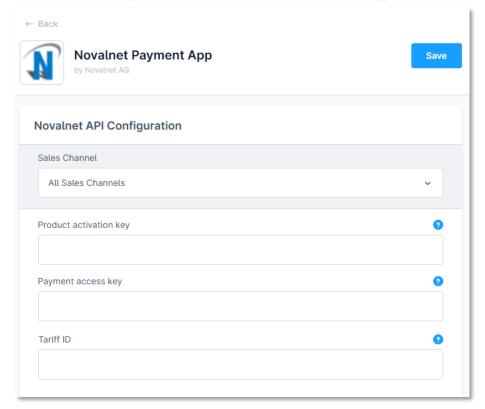

Figure 6

Tel.: +49 89 9230683-19

Fax: +49 89 9230683-11

Tax id: DE254954139

To get your **Product activation key**, **Payment access key** and **Tariff ID** go to the **Novalnet Admin Portal**, navigate to the **Projects** menu and choose your project as shown below.

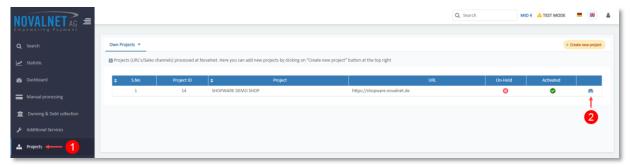

Figure 7

Click API credentials, copy the API Signature (Product activation key), Payment access key and Tariff ID as shown below.

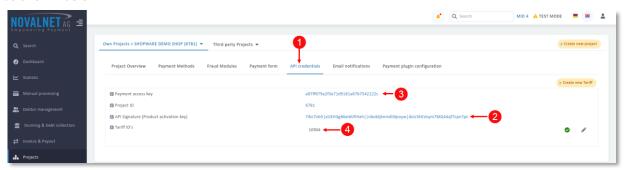

Figure 8

Paste the **Product activation key, Payment access key** and **Tariff ID** in the respective fields in your shop system.

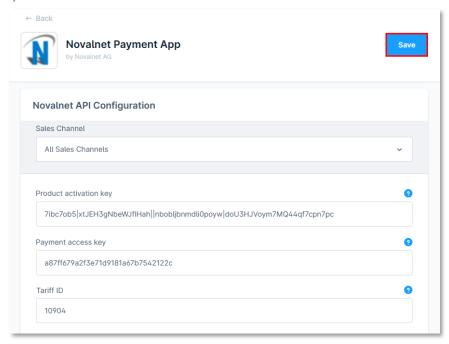

Figure 9

Then click to update the changes.

1.2.1 Notification/webhook configuration in the Novalnet Admin Portal

Configure the Notification/Webhook URL into your <u>Novalnet Admin Portal</u> account by following the below steps.

Step 1: Copy the Notification/Webhook URL from the shop admin panel and in the <u>Novalnet Admin Portal</u>, navigate to **Projects** menu and choose your project as shown in **Figure 7**.

Step 2: Go to API credentials and click Edit as shown below.

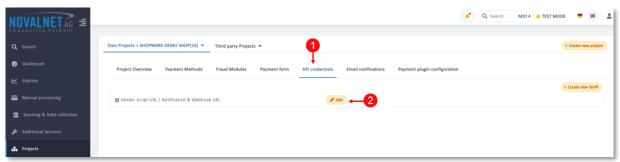

Figure 10

Step 3: Then paste the copied Notification/Webhook URL into the **Vendor script URL / Notification & Webhook URL** and click **Update**.

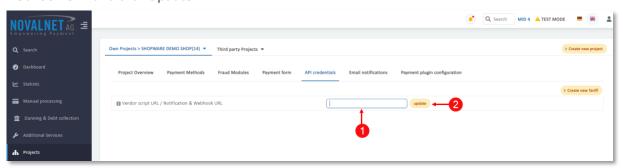

Figure 11

In your shop system, you can additionally test the Webhook URL manually and send notification emails to specific email addresses as shown below.

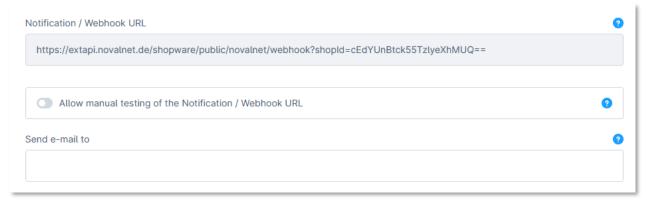

Figure 12

- (i) Notification / Webhook URL Required to keep the merchant's database/system up to date and synchronized with Novalnet (for example: up-to-date transaction status delivery).
- (i) Allow manual testing of the Notification / Webhook URL Enable this to test the Novalnet Notification / Webhook URL manually. Disable this before setting your shop system live, to block unauthorized calls from external parties.
- (i) Send e-mail to Every execution will be sent as a message to the e-mail address defined in this field.

1.3 Payment Activation in the Novalnet Admin Portal

All the Novalnet supported payment methods can be viewed here: www.novalnet.com/payment if you have any questions on the payment methods or have additional payment method requests, please contact sales@novalnet.de

To activate the <u>preferred payment methods</u> for your website, navigate to <u>Novalnet Admin Portal</u> \rightarrow **Projects** \rightarrow {choose your project} \rightarrow **Payment Methods** \rightarrow click **Edit Payment Methods** in the top right corner as shown below.

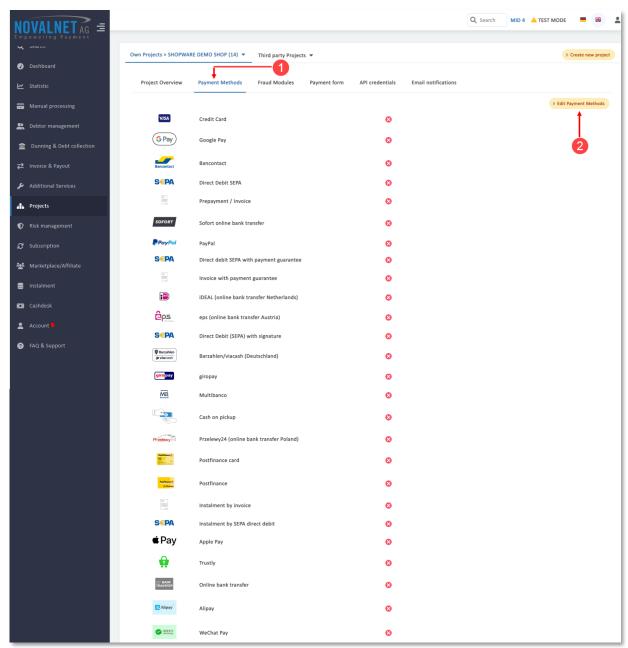

Figure 13

Now, select the preferred payment methods as shown below.

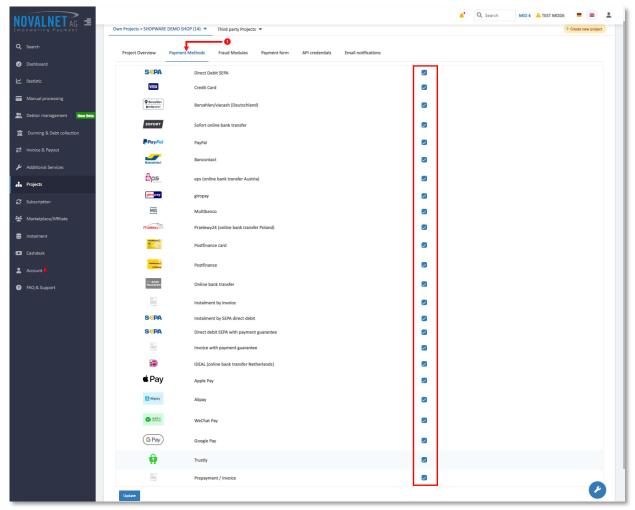

Figure 14

Tel.: +49 89 9230683-19

Fax: +49 89 9230683-11

Tax id: DE254954139

You can also sort the payment methods in any order through 'Drag and Drop' positioning. Finally, click Update to save them on the checkout page.

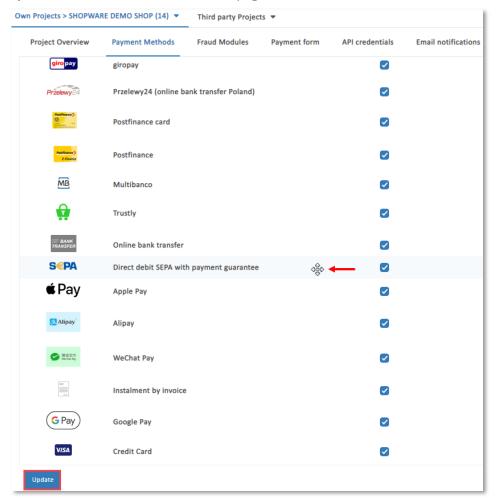

Figure 15

To use the **PayPal** payment method, configure the PayPal API details in the **Novalnet Admin Portal** as shown below.

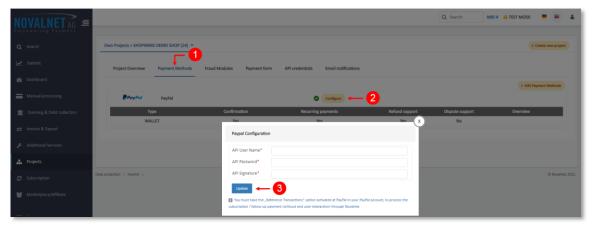

Figure 16

Tel.: +49 89 9230683-19

Fax: +49 89 9230683-11

E-Mail: technic@novalnet.de
Tax id: DE254954139

To use the **PostFinance** payment method, configure **Ep2-Merchant ID** details in the **Novalnet Admin Portal** as shown below.

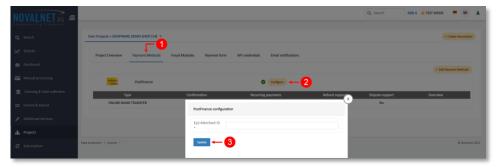

Figure 17

1.4 Payment Configuration in the Shopware shop system

After activating the payment methods in the <u>Novalnet Admin Portal</u>, you must enable the payment method in your shop admin panel to display them on your Shopware 6 checkout page. Navigate to **Settings > Payment methods** as shown below.

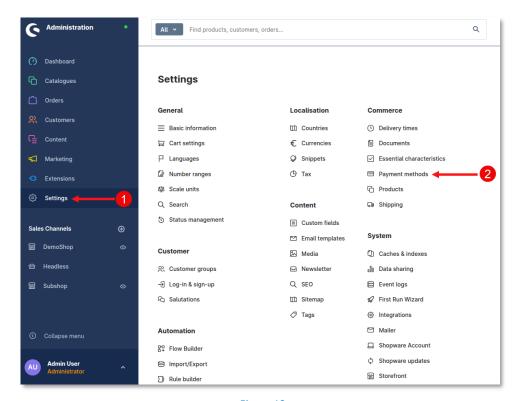

Figure 18

Novalnet payment method will be shown below.

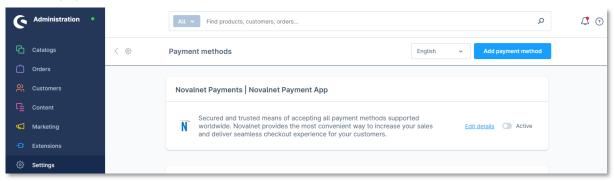

Figure 19

Click toggle to activate the Novalnet payment method as shown below.

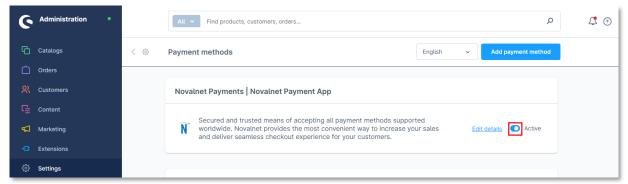

Figure 20

1.4.1 Payment Activation for the Sales Channel in the Shopware shop system

Once the payment method is enabled, you must enable **Novalnet Payments | Novalnet Payment App** separately for each Sales Channel available in your shop system.

To do this, navigate to the Sales Channels → {Respective Sales Channel} → Payment and shipping → Payment methods, select Novalnet Payments | Novalnet Payment App, and click Save as shown below.

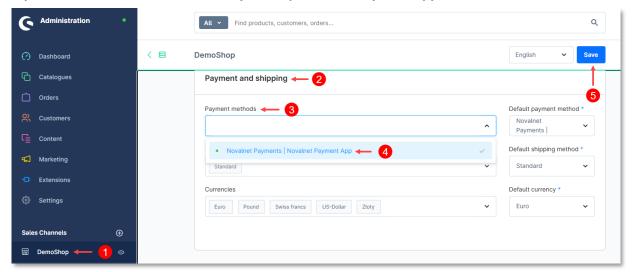

Figure 21

Tel.: +49 89 9230683-19

Fax: +49 89 9230683-11

Tax id: DE254954139

When the **Novalnet Payments | Novalnet Payment App** method is enabled for the Sales Channel in the shop admin panel, the activated payments in **Novalnet admin portal** will be displayed on the shop checkout page as shown below.

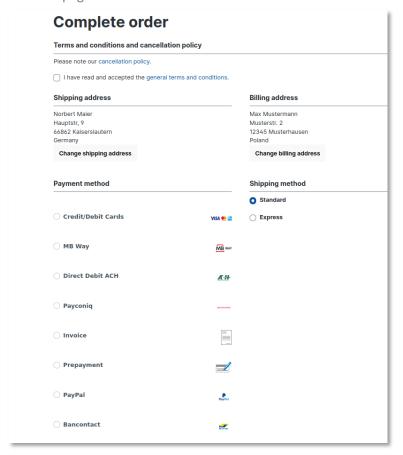

Figure 22

Refer chapter 3 ADDITIONAL CONFIGURATION for more payment configurations.

For additional payment configuration settings for each payment method, navigate to Novalnet Admin

Portal > Projects > {choose your project} > Payment plugin configuration on the right. Then, choose the required payment methods, configure the additional payment settings and save the changes made.

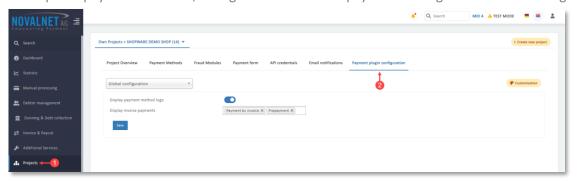

Figure 23

Tel.: +49 89 9230683-19

Fax: +49 89 9230683-11

Tax id: DE254954139

1.5.1 Display payment method logo

By enabling this option, all payments logo will be displayed on the checkout page.

Figure 24

1.5.2 Display invoice payments

This option is available only for **Payment by invoice** and **Prepayment** methods:

By select this payments, the payment method will be displayed on the checkout page.

Figure 25

Refer chapter 3 ADDITIONAL CONFIGURATION for more payment configurations.

- (i) If you have any recommendations or suggestions for improvement, kindly share your thoughts with us to develop our payment app further technic@novalnet.de or call us at +49 89 9230683-19.
- ① Are you happy with our service and support? Please spend a few minutes to share your success here

1.6 Readme procedures to display the Novalnet transaction details

To display the Novalnet transaction comments in shop order mail, follow the below steps.

Step 1: Navigate to Settings → Shop → Email templates → Type → choose the relevant status and click Edit to view the HTML section under Mail text.

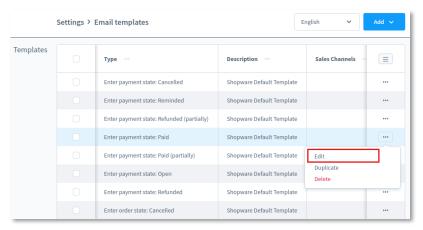

Figure 26

Tel.: +49 89 9230683-19

Fax: +49 89 9230683-11

Tax id: DE254954139

Step 2: Add the below code in the HTML block and click Save to save the changes as shown below.

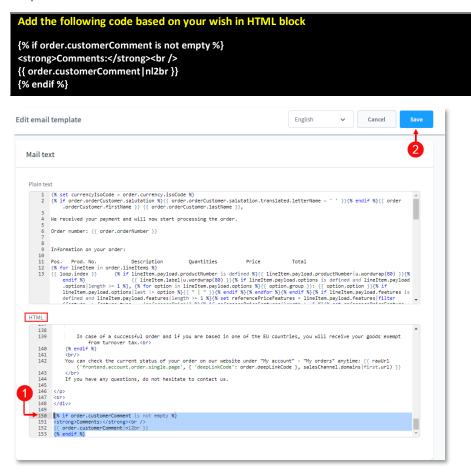

Figure 27

→ Based on the shop languages, you must configure the above mentioned code for Email templates.

2 TESTING AND GOING LIVE

Execute test transactions by navigating to <u>Novalnet Admin Portal</u> \rightarrow <u>Projects</u> \rightarrow {choose your project} \rightarrow <u>Payment plugin configuration</u> select the preferred payment methods and enable the <u>Test mode</u>. In the test mode the transaction amount will not be charged by Novalnet.

Figure 28

Refer below URL for the Novalnet test payment data for testing https://developer.novalnet.com/testing/

Execute orders in LIVE MODE

To proceed with **LIVE** orders, don't forget to uncheck/disable the **Enable test mode** option in the individual payment configuration page.

- (i) If you have any recommendations or suggestions for improvement, kindly share your thoughts with us on technic@novalnet.de or call us at +49 89 9230683-19.
- Are you happy with our service and support? Please spend a few minutes to share your success here

3 ADDITIONAL CONFIGURATION IN NOVALNET ADMIN PORTAL

3.1 Additional configuration for all the payment methods

For additional payment configuration settings for each payment methods, navigate to Novalnet Admin

Portal Projects Payment plugin configuration in the top right corner. Then, choose the payment methods and configure the required additional payment settings as shown below.

Payment due date (in days)

Payment due date (in days) refers to the duration (number of days) given for buyer to complete the payment. The payment process and duration may differ for each payment method.

This option is available only for the following payment methods:

Direct Debit SEPA, Payment by Invoice, Prepayment and Barzahlen/viacash.

Figure 29

- For *Direct Debit SEPA*, enter the number of days after which the payment is debited (must be between 3 and 14 days).
- (i) For *Payment by Invoice*, enter the number of days given to the buyer to transfer the amount to Novalnet (must be greater than 7 days). If this field is left blank, 14 days will be set by default.
- (i) For *Prepayment*, enter the number of days given to the buyer to transfer the amount to Novalnet (must be greater than 7 days). If this field is left blank, 14 days will be set by default.
- Tor *Barzhalen/viacash*, enter the number of days given to the buyer to pay at a store near by. If this field is left blank, 14 days will be set by default for slip expiry.

Payment Action (Debit immediately / Reserve funds for later / Authorize with zero amount)

You can choose between two options - Capture and Authorize which are explained below.

This options is available only for the following payment methods:

Credit Card, Direct Debit SEPA, Direct debit SEPA with payment guarantee, Instalment by SEPA direct debit, Payment by Invoice, Invoice with payment guarantee, Instalment by invoice, PayPal, Google pay and Apple pay.

(1) Capture - This is the default setting where transactions are directly confirmed, and funds are automatically transferred from buyer's account to the merchant account. This can be changed as per your business requirement.

Figure 30

① Authorize - Payment details are verified while the funds are reserved, which will be captured later. Please note for card payments, if you fail to execute a capture within 14 days the reservation on the card will automatically expire!

Figure 31

(i) Minimum transaction amount for authorization

Transactions above this amount will be "authorized" only and captured later. Leave the field blank to authorize all transactions.

Minimum transaction amount for authorization	

Figure 32

(i) Authorize with zero amount

This option is available only for the **Credit Card, Direct Debit SEPA, Direct Debit ACH, Google pay** and **Apple pay**.

If the purchase order succeeds, a transaction with the amount 0 is executed. This gives you the advantage of deducting the amount in advance from the buyer (Example: if certain goods have yet to be manufactured or not in stock).

For the desired payment type, select **Authorize with zero amount** and click **Save**.

Figure 33

Status	Description
